In the midst of our second decade providing once in a lifetime experiences, and unique and exciting performance opportunities, Educational Performance Tours continues to be an innovator and leader in the educational student performing arts community. “Music is inspiration... it is the light... and if we show them the light, it can lead them to greatness!” This belief sets us apart from other tour and travel companies and has allowed us to inspire and educate young performers, taking them to new heights in their educational performance lives.

Whether it’s an “Extraordinary Educational Experience” featuring a world class clinician or artist, a “Unique & Exciting Performance Opportunity” at a prestigious landmark or venue, or a “Competitive Music Festival”, we believe it is the tour operator that makes the difference in the experience for you and your students.

Our commitment to value, quality and security, along with our high level of professional and ethical conduct, enable EPT to provide performing arts tour packages that include the finest facilities, artists and clinicians, meals, attractions, shows, accommodations and transportation options. Through our unmatched resources in the student tour and travel industry, Educational Performance Tours continues to provide safe, reliable, fun and unforgettable educational travel programs to thousands of students each year.

Together We Can Show Them The Light!
Combine all the energy and excitement found in North America’s major performing arts cities with the opportunity to interact and perform with the individuals who bring those cities to life – add the unique flavor of each environment with the opportunity to showcase your Band, Orchestra or Choir in a variety of public performance venues – then mix and mingle with the locals in the many attractions and locations that lend themselves to each cities’ greatness and there you have it – a performance tour you can build your music program on for years to come.

North American Performance Tours are designed with your direct input and guidance, allowing each to be customized and individually priced – meeting the specific needs of your group, educationally, socially and economically. Tours can feature customized performance production, private concert production, as well as public performances for your group at highly visible, prestigious local venues and landmarks. Most feature EPT’s signature music program, “Extraordinary Educational Experiences in Music”. These customized workshops and master classes offer your students the rare opportunity to interact and perform with prominent, dynamic leading members of North America’s major performing arts institutions.
