TESTIMONIAL

Dear Mr. Manfredi;

Thanks to Educational Performance Tours and your exceptional staff, our choir trip to New York was one of the finest experiences we have been able to provide our students. The Kettle Moraine High School choirs visited New York this past St. Patrick's Day weekend.

Our EPT Tour Escort was friendly, knowledgeable, courteous, flexible and lots of fun to be with! The little things – incidental information, local perspective, stopping for a hot dog and papaya juice – those kinds of 'extras' are what make a trip memorable and unique. Our Tour Escort helped to make this the trip of a lifetime for many of us.

The EPT Customized Workshops & Master Classes are what attracted us to your organization, and we were not disappointed. Working with Meredith Akins after having her on the Broadway stage just two days before was an incredible experience in itself. The outstanding job she did in working with our students made the whole trip worthwhile.

Another highlight of our trip, from a music education standpoint, was our clinic with Dr. Armstrong. Thanks for helping to set up this extra request. Dr. Armstrong is one of the finest choral conductors/clinicians and our students learned a great deal from him in the short time he worked with them. All in all, the trip was excellent. We will certainly contact Educational Performance Tours when planning future trips with our choirs. Thanks again and keep up the good work!

Sincerely,

Todd Jaeger

TESTIMONIAL

Dear Mr. Manfredi;

I am writing to thank you and your staff for helping to provide a wonderful performance experience for my students in the La Salle Jazz Ensemble and Advanced Band. Our tour of New York was great! This is due to the wonderful attention I received from your staff. They were always available to answer any questions and were truly interested in being able to accommodate my requests in designing the tour. As a result, my students were able to perform in dazzling venues and work with two master musicians.

Our guides, were great to work with. They were attentive, knowledgeable, always available and personable to students and adults alike. Traveling to each of the attractions and restaurants was smooth and easy and if there was a change in the itinerary, it was handled with speed and ease. They also coordinated the moving of equipment with accuracy and made sure that we had what we needed when we needed it!

For many of these students it was the first time they had ever been out of the state of California and for them to perform in such beautiful and musically important landmarks was something that they will always remember.

I cannot thank you enough for the experience that you helped provide for my students. I will be in contact with you for our future tours. I highly recommend Educational Performance Tours to anyone wishing to take a group on tour.

Sincerely,

Megan Foley
