Extraordinary Educational Experiences

Customized Workshops & Master Classes

We understand the importance of "program customization" and have instilled that belief in our roster of talent. The featured artist chosen to conduct your program will customize each session when they contact you directly to discuss the goals and objectives of your group in advance of your tour. You will receive a personal phone call, as well as a complete Bio and headshot.

When you choose to participate in one of our "Extraordinary Educational Experiences in Dance" you can rest assured you are exposing your students to a once in a lifetime dance experience they will draw from for the rest of their dance career. Artists are chosen for their warmth and graciousness as well as their ability to motivate, inspire, and bring out the best from your students. Their standards are high and they expect that the students are coming for a fun but intensive study experience.

THE PERFORMANCE EXCHANGE PROGRAM

The Performance Exchange Program is designed to elevate the performance experience by allowing students to share knowledge, creativity, and inspiration with other passionate performers.

The Performance Exchange Program connects you and your students with other successful High School Performing Arts Programs across North America. It provides an opportunity to interact with, and perform for, like-minded students who have dedicated themselves to their dance. It not only empowers young people in their pursuit of creative skills, but also provides invaluable experiences for directors by encouraging the exchange of knowledge and promoting creative collaboration.
